

What's Happening?

National Fuel Conservation Kits
Reduce your home heating costs with a
FREE conservation kit from National Fuel!

Electric Generating Bike

Carol Gath will be back with her electric bike that demonstrates the effort needed to light up various types of light bulbs. The kids will love to pedal their way to this most popular exhibit!

Cornell University Cooperative Extension

Save Energy Save Dollars
Answering questions related to energy conservation methods. Showing samples of window quilts, insulation types and light bulb types. Handouts on R-values.

WDOE 1410 AM

will broadcast onsite!

EMCEE

Radio Newsman Ray Marks

Volunteers Needed

Due to the demands of hosting the event at a larger venue, we need many more volunteers.

If you can help please visit

This Years Theme

"Going Green - Saving Green"

September 26th, 2009

9:30 AM - 2:30 PM

Gilbert Lay Arena

Route 5 Irving, New York

FREE ADMITTANCE!

FREE PARKING!

Why Attend?

We'll not only offer you seminars on ways to save money in your home, one of our sponsors, National Fuel, will be providing **FREE** Conservation Kits to help you winterize your home!

Many other vendors and organizations will be providing information and money saving tips.

With rising energy costs, never before has this Energy Fair been more important.

Homeowners, Businesses,
& Municipalities can
obtain information on incentives
and programs that are available
and where and how to get them.
